Ambivalence in Mentorship
An Exploration of Emotional Complexities

By Bonnie D. Oglensky

Ambivalence in Mentorship is based on research of scores of mentors and protégés in longstanding relationships representing a range of career fields. Using vivid case narratives, the book takes a nuanced look at the emotional complexities of their mentorships—the intense passions and hopes that get stirred up in these professional, yet intimate connections as well as the turmoil created by disappointment, betrayal, competition, and the mere readiness to move on and separate from these relationships.
